In order to use this feature, your business will need to have signed up to the Terms & Conditions relating to this product. Once Ibcos has received a signed contract from you, you will be provided with a licence code when the product is available to use. 7.28.1	Portal	Gold Service	<p>Display the Engineers Story in the Time Approval page.</p> <p>We have added an icon in the Time Approval Page. When you hover over this icon, you will be able to see the Story the Engineer has added in the App. If no story has been entered, then the text displayed will say 'No Engineer Story'.</p>  <p>Due to the limited space on the Screen, only the most recent 1000 characters will be displayed.</p> <p>You will see 3 dots at the start of the text which denotes more information has been added previously. Should you wish to see this you can navigate to either the Engineers Tab or the Data Tab and read it there.</p> <p>If customisable job stories have been used, the headers will be shown in bold font, and the last 1000 characters of the Story will be displayed. Sometimes this will mean that data added into earlier story boxes will not be visible. For example: If there are 1000 characters in Story Box 3, and you enter a further 500 characters into Story box 1, you will still only see the last 1000 characters</p>	8502
