Quality Updates – Gold Service

Version	Area	Description	Ref
7.30.2	Portal	Van Stock Integration is now moving parts to and from the van stock jobs without error in the parts audit in the portal.	9612
7.30.2	Portal	**Multi Company Issues** Users were seeing various, random issues when using Gold Service with a multi company set up.	

Version	Area	Description	Ref
		We have put some fixes in place which should resolve these issues. Please note, as these problems occurred randomly, and could not be recreated at will, there may still be some areas that need addressing. Please raise any tickets with support in the normal way should you continue to see the system not working as it should when using a multi company set up.	
7.30.4	Portal	Jobs created from Job Request will now pick up any Checklists associated to the invoice type of these jobs.	9539
7.30.4	Portal	Error messages loading the Time Approval page have been resolved	9753
7.30.4	Portal	Wholegood information is now syncing correctly to the App and portal.	9474
N/A	App	**Minimum specifications for Mobile Devices** The app for Android will only be available via the Google PlayStore that is officially supported by Google. The app for Apple will only be available via the Apple AppStore that is officially supported by Apple. If the device does not come with either of the above as standard, the device will not be supported. The operating system must be currently supported for security fixes by iOS or Android: • iOS devices must be on a minimum of iOS version 14 or later. Devices unable to update to iOS version 14 or later will not be supported below a 6s are no longer supported, as they are unable to update to a later version of the OS than 12.5 • Android devices must be on a minimum OS of 10. Devices unable to update to OS 10 or later will not be supported as OS version 8.1 and below are no longer supported for security fixes You should always keep your device up to date and install the latest OS. Once the device can no longer install the latest OS, it is highly recommended that a new device is obtained as otherwise features may cease to work. The above information has been updated on the Customer Portal on the website, which can be found [here](#).
