Manufacturer Integrations

Version	Area	Description	Ref
7.30.2	AGCO Fleetscan	If there is a duplicated part line on a warranty job and it is submitted to AGCO a warning is now displayed to alert the user to correct the part lines before submission.	8528
7.30.4	John Deere GRN Download	Electronic GRN downloads will now be able to be processed without encountering errors.	78

Version	Area	Description	Ref
7.30.4	John Deere ebilling	If there are split payments on the invoice Gold now recognises the total invoice value and posts to the appropriate nominals. Ireland only.	9730
7.30.5	CNH ASOD	Till Sales now show on the extract with a unique order number.	9571
7.30.5	CNH ASOD	The cancellation and the return flag are now working correctly on the extract when parts are credited on POS and Workshop Invoices.	9529
7.30.5	CNH ASOD	The Sub channel on a credit note is now being assigned as per the invoice.	9666
7.30.5	CNH ASOD	A new parameter on the Extract in Gold has been created to include or suppress labour values.	9390
7.30.5	CNH ASOD	The historic file generated now lists the data correctly as per the set up of the warehouse coded against each prefix.	9606
7.30.5	AGCO	Catalogue parts ordered through AGCO eCommerce are now applying discount rules associated to the Discount Codes.	145
7.30.5	AGCO	Catalogue parts ordered through AGCO eCommerce now create the part record correctly in Gold.	150
7.30.6	AGCO eCommerce	An enhancement has been made to the AGCO eCommerce to allow order types to be held at a customer level. There is a factsheet available providing information on how to set this up.	114
7.30.6	KRAMP Price Update	Importing and applying the Kramp Price Updates now deal with semi colons correctly if they are within the Part description so that the subsequent columns are unaffected.	9838
7.30.6	STIHL Product Registration	STIHL have made a change to the Product Registration to allow for STIHL Smart Connector. The new question is only active if the Customer Type is set to "PRO" – Professional. Machine sold to professional user with STIHL Smart Connector or Connector 2 A for 1 year additional warranty? Yes/No The default for this new question is 'Yes'.	9789
7.30.6	STIHL Product Registration	The default for the personal handover question, "I hereby confirm that a ready to use handover has taken place, including assembly of the product and personal instruction" has been changed to 'Yes' on request of several dealers.	7800

Version	Area	Description	Ref
7.30.6	Stocking Finance	The lookup list for finance schemes has been extended to show additional information. This will make it easier to select the correct scheme code, particularly for the new DLL schemes.	8998
7.30.6	DLL Finance	When running the Finance extract it was only possible to add 13 scheme codes to the screen. The screen has now been extended to cover 28 codes which is the requirement for DLL finance.	9574
7.30.7	DLL Finance	When the DLL finance extract is run the user gets an email indicating any units that have not met the criteria to upload to DLL. Attached to the email is a file containing a list of valid units on finance. This file could not be opened and gave an error. This has been addressed and it is now possible to open the file attachment and view the units on finance.	9705
7.30.7	DLL Finance	Plant Equipment has been added to the DLL Finance Scheme extract. Any equipment carrying a DLL finance scheme code will be validated and included in the DLL extract.	9736
7.30.7	DLL Finance	Finance Scheme Lookup - A number of additional fields have been added to the finance scheme lookup to allow the correct scheme to be selected more easily. 	8998
7.30.7	Kubota Price Update	Kubota have amended the Price Update files to add a new column which will reflect the Product Codes for their parts and materials. The product codes will be imported into the Buying Category field in Gold (up to three-characters) when the price update program will process a new format file. Dealers need to set up the buying	9514

Version	Area	Description	Ref
		<p>category code and relevant discounts in Gold prior to running the price update program. Items that do not have a Kubota Product Code will revert to the standard terms currently in Gold. If the product code has no record (blank data), then the Buying Category will be set to V for RETAIL and X for NETT items respectively.</p> <p>An instruction manual is available explaining the process and setup of Parts Buying Discounts.</p>	
7.30.9	AGCO Warranty	An error that occurred when submitting warranty claims to AGCO from Windows Gold has been resolved.	9946
7.30.9	AGCO Warranty	A Consent Flag has been added to the warranty claim submission to allow the user to validate if any unauthorised modifications have been made to the machine.	153
