

Redefine Your Workshop Experience with the **Ibcos Gold Service App**

Could your workshop use an efficiency boost? If so, consider utilising Ibcos Gold Service- our powerful mobile app and web portal designed to help your engineers and back-office staff improve customer service, drive efficiencies, and bolster the bottom line.

Our Gold Service App lets you:

Go Mobile

Phase out expensive hardware and get more out of the mobile devices you already have.

Streamline Engineers' Work

Empower your engineers to manage their admin time more effectively.

Get Data Faster

Immediately access the data submitted by your engineers from any depot via an intuitive web interface.

Improve Cash Flow

Invoice more frequently to positively impact your cash flow.

Manage Admin Time Better

Save time on manual re-keying and use it to proactively engage more customers.

Go Paperless

Take the next step towards a paperless workshop and boost your income in the process.
