

A Guide to Moving Vapormatic Parts to a Kramp Prefix

It is strongly recommended that a copy company is taken before carrying out this process.

Any outstanding stock checks for Vapormatic parts should be completed.

To move all Vapormatic parts to a Kramp prefix follow the steps below.

1. From the **Housekeeping** menu select the **Parts** submenu.
2. Select **Strip/Add Characters to Parts**.
3. Fill in the details using the table below and select **OK** when complete.

Field	Entry
Prefix Code	Select the prefix currently in use for Vapormatic parts.
Change Part Number	Select Change Prefix from the drop down
New Prefix	Select the prefix currently in use for Kramp parts
Update Inv History Parts	Select No
Update Catalogue Parts	Select Yes

Strip/Add Characters To Parts

Prefix Code: **Vapormatic**

Class Codes to Include: Exclude:

Product Group From: To:

Change Part Number:

New Prefix: Characters to Replace with:

Position in part number:

Replace All to end of part:

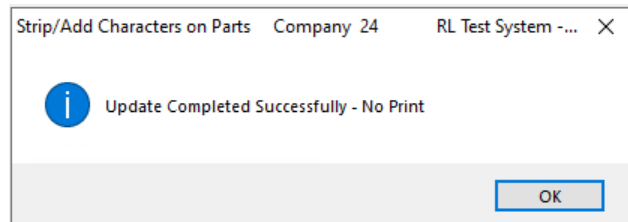

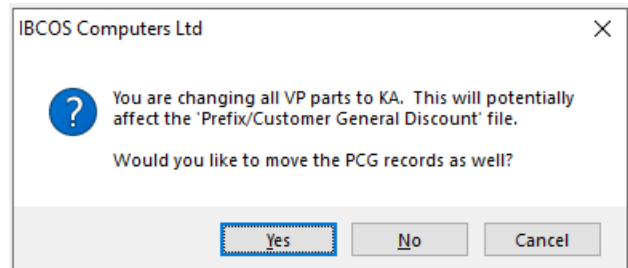

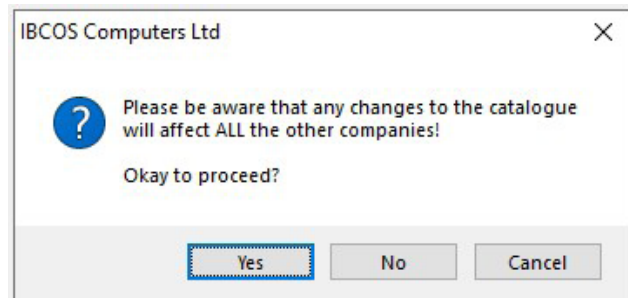

Update Inv History Parts? Update Catalogue Parts?

** Parts currently being stock-checked will NOT be changed **

4. We strongly recommend updating the catalogue - otherwise, it will retain the original prefixes. Select **Yes** when prompted to proceed with the changes.

5. Select **Yes** to move general discount records. If you already have discount records set up for Kramp, select **No** to continue using the standard Kramp setup, as parts will be supplied by Kramp going forward.

6. The process is now complete. The Vapormatic part number will be retained as the supersession part number.
