

What's new in Gold

April 22, 2025

Gold Version: 7.33.6

Company Control File

- The Job Card format and the Customer Export type fields in the Company Control File will no longer be overwritten when parts are created from eCommerce orders. [Ref. 11247 & 11246]

Parts Stock Turn Enquiry

- The All Depots Totals sub section of the report has been corrected to report accurate values. [Ref. 11340]

Gold Service Job Confirmation

- Up to 4 signatures can be selected at job completion and are displayed on the Job Confirmation document. [Ref. 8003]

CNH ASOD

- Gold is now able to read the automatic order numbers from CNH when downloading orders. [Ref. 14]
